Dulitha Pathum

Full-Stack Web Developer

I am a dedicated Software Technology undergraduate from the University of Sri Jayewardenepura, passionate about solving complex problems and delivering innovative solutions. With a strong foundation in software development and a drive for continuous learning, I thrive in dynamic, collaborative environments. My focus is on applying my skills to contribute to impactful projects that make a meaningful difference in the tech industry and advance my career.

WORK EXPERIENCES

Founder & WordPress Developer
PixelPro Solution   2024 - Present
- Founded and manage a web development company specializing in WordPress solutions

Sales Store Checker
Sarath Pharmaceuticals Pvt Ltd   2020 - 2021
- Responsible for checking inventory levels, ensuring product availability, and assisting with stock organization.

PROJECTS

Train Tracker (2023)
- Developed a real-time Train Monitoring System using Arduino, GPS-enabled ESP32, and a full-stack web app with React, MongoDB, Express.js, and Node.js.
- Designed a user-friendly interface for live train tracking and real-time arrival updates to enhance commuter experience.

Reserve-It (2024)
- Built "Reserve-It," a Next.js and TypeScript web app for seamless classroom scheduling with secure user management and real-time access.
- Developed a responsive interface and backend using MongoDB, Express.js, Tailwind CSS, and Node.js to optimize resource allocation and user experience.

DPBlog (2024)
- A MERN stack multi-user blogging app with responsive design, secure authentication, and efficient data management.

Greenhat.lk (2024)
- Delivered a QR Tree Details Scanner for a client, using PHP, SQL, and JavaScript to enable QR-based access to detailed tree information and enhance user engagement.

Nike Shoes (2024)
- Built a responsive e-commerce website for Nike Shoes with HTML, CSS, Bootstrap, and JavaScript, featuring dynamic navigation and product categories.

EZBuy (Present)
- Currently developing an e-commerce web app using the MERN stack, focusing on secure transactions, user experience, and scalable data management.
